

RESOLUTION NO. 122

A RESOLUTION relating to the construction of public works and adopting standard specifications for municipal public work construction.

WHEREAS, the City of Redmond, Washington desires to construct its public works such as streets, sewers, water distribution systems, and other such facilities in accordance with the Standard Specifications for Municipal Public Works Construction of the Washington State Chapter of the American Public Works Association published in 1963, Now, Therefore,

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF REDMOND:

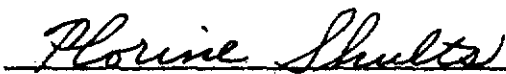

That all future public works construction, including but not limited to streets, sewers, and water distribution systems, within or for the City of Redmond shall conform to the Standard Specifications for Municipal Public Works Construction of the Washington State Chapter of the American Public Works Association published in 1963. Provided, however, That the engineers for the City may recommend supplemental specifications and/or special provisions as an amendment, modification or addition to said Standard Specifications for Municipal Public Works Construction which, after approval thereof by the City Council, shall govern the performance of public works construction which may be affected thereby.

PASSED by the Council of the City of Redmond, Washington at a regular meeting thereof and APPROVED by the Mayor this 23rd day of April, 1963.
