Address: 8392 167th Ave NE Redmond State: WA Zip Code: 98052Comments (Attach additional sheets if necessary)

With increased pedestrian & vehicle traffic due to the proposed homes, I would like to see a traffic light added for traffic traveling westbound along NE ~~85th~~ 85th St to be able to cross 166th Ave.

~~at the intersection~~

In addition, I would like to see a sidewalk along 85th in front of the new development.

I have a young child and want to ensure the area will remain safe for vehicles and pedestrians.

Thank You

On October 1, 2015 an email with the attached image was received from a Ms. Shea who was concerned about parking and the proposed development. Staff replied to Ms. Shea on 10/01/15

Comments about additional plans if necessary

Extremely concerned about the parking situation in this vicinity; not enough parking spaces on W 15th for current residents - do any of these units have proper garages? or do they have to park on NE 15th?

Too much density in this area - enough already!
