PETITION
FOR A
BUSINESS IMPROVEMENT AREA

RECEIVED

APR 19 1988

TO THE CITY COUNCIL OF THE CITY OF REDMOND:

PLANNING
CITY OF REDMOND
FILE COPY

We, the operators of businesses located within the proposed area, hereby petition the City of Redmond to establish a Business Improvement Area as authorized by RCW Chapter 35.87A within the boundaries described as follows:

Starting at the intersection of Leary Way and the east shore of the Sammamish River, proceed NE along Leary Way to the Burlington Northern Railroad tracks (BNRR), turn east and follow the BNRR tracks to Bear Creek (including the parcel presently occupied by "PriceSetter"). At Bear Creek, turn north and follow Bear Creek to Union Hill Road, turn east and proceed to Avondale Way, turn south and proceed to 170th NE, turn north and proceed to NE 80th St., turn west and proceed to 169th Ave NE, turn north and proceed to a point in line with the extension of NE 83rd St, turn west and proceed along the extension of NE 83rd St to the intersection of NE 83rd St and 167th Ave NE. Proceed north on 167th NE to NE 85th St, turn west and proceed to NE 87th St where 164th becomes known as the Redmond-Woodinville Rd. Continue north on the Redmond-Woodinville Rd to the right of way of the Puget Power line. Only those businesses located on the west side of the Redmond-Woodinville Road are included in the BIA. At the Puget Power Transmission line turn southwest and follow the transmission line to the intersection with the Sammamish River. At the Sammamish River, turn south and follow the river's east shore back to the intersection with Leary Way. See legal description and map attached.

To assist trade and the general economic climate of our business area, the City would levy special assessments upon businesses within the area; deposit the funds in a Special City Fund; and pass them on to the Redmond Downtown Association, who shall expend them only for activities that benefit our area, as outlined in the following paragraphs:

- 1) The City of Redmond would levy special annual assessments by applying the following rates against gross square footage of each business in the area, by category, for the purpose of operating a Business Improvement Area. Categories of businesses are defined in Attachment A.
 - a. All retail space shall be assessed at the rate of \$.20 per square foot annually.
 - b. All service space shall be assessed at the rate of \$.15 per square foot annually.
 - c. All professional service space shall be assessed at the rate of \$.10 per square foot annually.
 - d. All manufacturing/wholesale space shall be assessed at the rate of \$.05 per square foot annually.

These assessments would provide an estimated first year budget of \$162,000. It is estimated that the annual projects undertaken will require complete expenditure of each year's revenues.

2. A minimum and maximum rate shall be established for each category of business.
 - a. Retail: Total assessment upon any single business shall not exceed \$3,000 (three thousand dollars) annually. A minimum assessment of \$200 (two hundred dollars) will be applied to every retail business within the boundaries.
 - b. Service: Total assessment upon any single business shall not exceed \$2,500 (two thousand five hundred dollars) annually. A minimum assessment of \$150 (one hundred fifty dollars) will be applied to every service business within the boundaries.
 - c. Professional: Total assessment upon any single business within the area shall not exceed \$2,000 (two thousand dollars) annually. A minimum assessment of \$100 (one hundred dollars) will be applied to every professional business within the boundaries.
 - d. Manufacturing/Wholesale: Total assessment upon any single business within the area shall not exceed \$1,000 (one thousand dollars) annually. A minimum assessment of \$50 (fifty dollars) will be applied to every manufacturing/wholesale business within the boundaries.

3. The following organizations would be exempt:

Organizations qualified for charitable contributions under the United States Internal Revenue Code (26 USC 170 c), as well as schools, religious agencies, and sponsors of concessionaires at public events, and vendors or entertainers in area streets and parks who engage in business in the area less than 30 days a year.

4. Uses of revenue and projects undertaken should come within the general scope of decorating public places; promoting public events; providing maintenance and security for common public places; the acquisition, construction or maintenance of parking facilities for the area; providing for professional management and planning; advertising and promotion of retail trade activities; and any and all other activities as defined in RCW Chapter 35.87A.
5. The City of Redmond will contract with the Redmond Downtown Association to be responsible for carrying out the above mentioned activities financed through the special assessments. The Redmond Downtown Association may contract with other agencies for such activities as marketing and promotion but shall not be relieved of its responsibilities.
6. For further information contact Susan Carlson, Redmond Downtown Association, 882-2321.
