WHEREAS, based upon information provided by the Finance Department, the City Council finds that the loan will not interfere with required current and anticipated expenditures from the Water/Wastewater General Construction Fund, that the interest rate will result in earnings equal to that of other available investments and that the interfund loan will reduce the costs to the LID Fund as compared to an outside borrowing, now, therefore,

THE CITY COUNCIL OF THE CITY OF REDMOND, WASHINGTON,  
HEREBY RESOLVES AS FOLLOWS:

Section 1. An extension of the maturity date of the \$2,600,000 interfund loan from the Water/Sewer General Construction Fund to the LID Fund commencing September 15, 1996 to September 15, 1997, to be repaid in full on or before the expiration of September 15, 1997, at an effective annual interest rate of 5.40%, is hereby authorized.

Section 2. The Finance Director is instructed to make the necessary transfer of funds and to maintain appropriate accounting records required to reflect the balance of the loan payable and receivable in the affected funds.

Section 3. Official Intent.

A. Expenditures which have been and which will be necessary and advisable with respect to the S.E. Redmond Storage Tank LID prior to the issuance of the LID Bonds are hereby authorized to be made from the proceeds of the interfund loan approved by this Resolution, and the City hereby declares its intent (the "Official Intent"), pursuant to Treasury Regulation §1.103-18, that any such capital expenditures have been and are made in anticipation of the issuance of the LID Bonds, as applicable. The maximum principal amount of debt expected to be issued for reimbursement pursuant to this Resolution is \$2,600,000.

B. Any and all prior expenditures with respect to the Project to be reimbursed with the proceeds of the Bonds shall be incurred solely to acquire, construct, or rehabilitate property of the City having a reasonably expected economic life of at least one year.

C. Pursuant to its budget, the City finds that it does not now have, nor does it reasonably expect to have, prior to the issuance of the LID Bonds, funds from sources other than the Bonds which are or are reasonably expected to be allocated on a long-term basis, reserved or otherwise available for the LID project, and the City has therefore approved the interfund loan in this Resolution for that purpose.

D. The City expects to pay the principal of, premium if any, and interest on the LID Bonds from the LID Fund to be established in connection with the formation of and collection of assessments related to the LID.

E. This resolution, and other books, records, and proceedings of the City relevant to the City's declaration of Official Intent shall be made available by the City for inspection by the general public at the administrative offices of the City each business day during normal business hours commencing within ten days of the date hereof and until the date of the issue of the LID Bonds.

RESOLVED this 3rd day of September, 1996.
