

ORDINANCE NO. 363

AN ORDINANCE, amending Ordinance No. 207, fixing and establishing rates or charges for sewerage service under the Metro Supplemental Charge within the City of Redmond.

THE CITY COUNCIL OF THE CITY OF REDMOND DO ORDAIN AS FOLLOWS:

Section 1. Ordinance No. 207, passed and approved December 11, 1957, is hereby amended by the addition of the following section:

Section 3.5. In addition to the rates established by Section 3 for the furnishing of service to the users of the sanitary sewerage system of the City, there is hereby established and each such user shall pay an additional monthly rate or charge to be known as the "Metro Supplemental Charge" as determined below:

Residential Customers

Inside Metro District	Flat Rate	\$2.00 per month
Outside Metro District	Flat Rate	\$2.50 per month

Commercial Customers

Inside Metro District	A minimum of \$1.50 per month for the first 500 cubic feet of chargeable water consumption, plus \$.222 per 100 cubic feet for all chargeable water consumption in excess of 500 cubic feet per month.
Outside Metro District	A minimum of \$1.50 per month for the first 500 cubic feet of chargeable water consumption, plus \$.278 per 100 cubic feet for all chargeable water consumption in excess of 500 cubic feet per month.

(a) Definitions. For the purposes of this Section, "Residential Customer" shall mean a single family residence billed by the City for sewerage charges and "Commercial Customer" shall mean all users other than Residential Customers. Persons paying a monthly guarantee or surcharge payment for properties not presently connected to or using the sanitary sewerage system of the City pursuant to revenue bond financing by the City shall not be deemed users for the purposes of this Section.

(b) Chargeable Water. The Metro Supplemental Charge for all other than Residential Customers shall be measured by the water consumed on the premises, whatever the source of such water, and the same will be metered either by a public utility meter or one installed and maintained by the owner of the premises at his own expense and approved by the City Engineer. Where the use of water is such that a portion of all the water used does not flow into the City of Redmond sewer system, but is lost by evaporation, irrigation, sprinkling or is used in manufacturing or in a manufactured product and the person in control provides proof of this fact and installs a meter or other measuring device approved by the City Engineer to measure the amount of water so used and so lost, this water may be deducted from the actual water consumption used in calculating the Metro Supplemental Charge.

(c) Computations. All metered water consumption from 0 to 3600 cubic feet per month shall be rounded off to the nearest 50 cubic feet for computation of the Metro Supplemental Charge. All metered water consumption in excess of 3600 cubic feet per month shall be rounded off to the nearest 100 cubic feet for computation of the Metro Supplemental Charge. All Metro Supplemental Charges shall be computed to the nearest \$.05.

(d) Billings. Billings for the Metro Supplemental Charges which are based upon chargeable water consumption shall be based upon the water consumption meter readings for the previous month. The Metro Supplemental Charge shall be due and payable on the 1st day of the month, in advance, for service for such month, commencing with the month of January, 1965. Penalties, as defined in Section 8, shall be applicable to delinquent Metro Supplemental Charge payments.

Section 2. All other parts and provisions of Ordinance No. 207, except as amended hereby, are and shall remain in full force and effect and this Ordinance and added Section shall be included as a part of said Ordinance No. 207.

Section 3. This Ordinance shall take effect on January 1, 1965.

PASSED by the Council of the City of Redmond, Washington at a regular meeting thereof, and APPROVED by the Mayor this 22nd day of December, 1964.
